## EDUCATION

### Rutgers University – New Brunswick, NJ

Sep. 2024 – May 2026

B.S. in Data Science, Minor in Economics and Statistics

GPA: *Senior*

- Relevant Coursework: Data Wrangling with R, Regression Methods, Information Visualization, Microeconomics, Macroeconomics, Econometrics, Economic Forecasting and Big Data, Times Series and Financial Econometrics, Mathematical Theory of Probability, Mathematical Theory of Statistics, Game Theory, Statistics, Machine Learning for Economics, Economic of Uncertainty, Data in Context.
- SEED2S Data Science Mentorship Program mentee, Data Science Club member

### Edmonds College - Edmonds, WA

Aug. 2021 – Jun. 2024

A.S. in Computer Science

GPA: 3.6

- Relevant Coursework: Python, Java, C++, MySQL, Calculus, Linear Algebra, Differential Equation
- CS for Change club member

## EXPERIENCE

### Data Scientist Intern

June 2024 – August 2024

Hitachi Vantara Digital Services

*Ho Chi Minh City, Vietnam*

- Collaborated in a cross-functional team of 4 to build an AI-powered chatbot using **FlowiseAI**, focusing on intent creation, training workflows, and designing user interactions.
- Led weekly team sync-ups to resolve blockers, align priorities, and enhance productivity.
- Trained AI models to respond to user-specific user scenarios, improving chatbot accuracy and responsiveness by **20%**.

### Welcome Desk Assistant

August 2023 – June 2024

Edmonds College

*Lynnwood, WA*

- Delivered front-line support to **100+** students and visitors weekly by providing clear, accurate information on on-campus services, events, and policies.
- Acted as the primary point of contact for walk-ins and phone inquiries, supporting administrative processes including room reservations and event check-ins.
- Streamlined front-desk operations through strong communication, improving response time and service efficiency.

### Food Ministry Assistant

September 2022 – June 2024

IFGF Seattle

*Seattle, WA*

- Supported weekly food distribution operations, serving **80+** individuals and families facing food insecurity.
- Coordinated with volunteers and partner organizations to sort, pack, and distribute essential groceries and meals.
- Strengthened outreach by collaborating with local shelters and food banks to expand service capacity.

## PROJECTS

### Healthcare Prediction | R

- Conducted a comprehensive multi-step analysis using a Kaggle dataset of **10,000+** rows, covering exploratory data analysis (EDA), hypothesis testing, confidence intervals, and Bayesian inference.
- Conducted multiple hypothesis tests using permutation methods and z-tests on patient data, carefully interpreting results through p-values and significance levels to draw statistically valid conclusions about differences in billing amounts and admission types.
- Developed **8+** data visualizations and **4** statistical models in R, enhancing practical skills while deepening understanding of inferential techniques.

## TECHNICAL SKILLS

**Languages:** Java, R, Python, SQL, Tableau, PowerBI, Microsoft Office

**Developer Tools:** GitHub, Azure, VS Code, Jupyter Notebook

**Frameworks:** NumPy, Matplotlib, Pandas, Node.js

## LANGUAGES

**English:** Full Professional Proficiency

**Vietnamese:** Native Proficiency
